

EVE Energy North America

7910 N Central Drive | Lewis Center, Ohio 43035

Opening Position

Sales Engineer/Sales Manager

Job description

Company Description

EVE Energy North America Corp. operates from Ohio, supporting sales, warehousing, after-sales services, and localized technical support for customers across North America. Its mission is to advance lithium-ion battery solutions for a wide range of applications — including consumer, power, and energy storage systems — leveraging the global expertise and innovation of all Li-ion products.

Role Description

This is a full-time on-site role for a Sales Engineer/Sales Manager located in the Columbus, Ohio Metropolitan Area. The Sales Engineer/Sales Manager will be responsible for providing technical support to the sales team, understanding customer needs, and promoting sales of the company's products. Day-to-day tasks include conducting product introduction/presentation, developing and maintaining relationships with clients, collaborating with engineering teams to ensure customer satisfaction, and achieving sales targets.

Qualifications

- Sales Engineering and Technical Support skills
- Excellent Communication and Customer Service skills
- Proven Sales experience
- Ability to work collaboratively with internal teams and clients
- Strong problem-solving abilities
- Bachelor's degree in Engineering, Business, or a related field
- Experience in the energy sector is a plus
